

NISKI SZUM
Songs From The Woods
(AudioTong, 2011)

niski szum is a new solo project of Marcin Dymiter, also known as emiter, co-founder and main person behind famous Ewa Braun, Mordy and MAPA bands.

After years of experimenting with electronics, ambient sounds and field recordings, here Dymiter turns his attention back to his roots: songwriting for guitar and vocals.

As pure as blues can be and as mysterious as Robert Frost's poetry, this long awaited CD is a new direction in Dymiter's work.
